INCOME

Of University Funds is Available for Current Expenses, Says Cardinal Gibbons.

Washington, Nov. 3—Cardinal Gibbons, chancellor of the Catholic university of America, in bringing to the attention of the Catholics of the country the annual collection for the support of the university, which will be taken up on the first Sunday after Advent, or on the first convenient Sunday thereafter, reports a very satisfactory condition of the finances of the institution. In 1903 the amount collected was \$165,651, while in 1904 it was \$116,229. The receipts of the university from April, 1904, to October 1, 1905, were \$676,658, including all sums from collections, endowments and sales of property. In the same time the university has increased its teaching corps and paid all the ordinary expenses of academic work, disbursed for additional equipment \$14,285, and for improvements in grounds and buildings \$15,398. On the total indebtedness \$166,141.62 has been paid, and there is now no floating debt. The entire debt of the university is now

but \$50,000, which will be reduced \$10,000 December 1.

Cardinal Gibbons says \$355,000 has been invested in first class securities, the income of which is available for defraying current expenses.

"The financial security of the university," he says, "means the security of all that was at stake in the founding and development of this great institution. The honor of the Catholic church in the United States solemnly pledged to the success of the university has been maintained. What seemed for a time the gravest disasters has served in the providence of God as a means of proving the invincible devotion of Catholics to the institutions."

What It Means to the City.

The election of Frank A. Bolton to the office of City Solicitor at this time means more to the city than might at first be supposed. There are many important questions that will arise, which must be decided by the different branches of the city government, and decided in accordance with the law relative to each case. The City Solicitor is, ex officio, the legal counselor of the executive, legislative, and administrative departments of the municipality, and he should be a man who is well versed in the law, conservative in his advice, as well as capable of looking after the interests of the city in case of an appeal to the courts.

These three qualities, those of adviser, attorney and advocate, Mr. Bolton possesses in a pre-eminent degree. He has had a successful legal experience in the general practice of the law, which has been supplemented by a special knowledge of municipal law, and its local application, by assisting in several important cases in which the city has been a party.

His position as President of the Board of Public Safety has made him a student of local municipal conditions, and his election as Solicitor is most certainly a matter of pure common sense and good judgment.

Harry Rossel's popularity is admitted on all sides. When the average Republican makes any admission at all as to how the city will go next Tuesday, he predicts that Mr. Rossel will be re-elected President of the City Council. Of course he will be, and that by a highly satisfactory majority.

Senator Foraker has notified Chairman Julius Whiting of the speakers bureau at the Cox Republican state headquarters in Columbus that he is obliged to cancel his speaking engagements. The senator was expected to make a number of speeches in the state, but so far he has made but two, and neither of them did Herrick any good.

Another Congressman Speaks Out.

"I don't like conditions such as exist in Cincinnati today under the reign of George B. Cox. I don't like one-man rule. That isn't the kind of politics, I like, and it isn't the kind of politics, in my notion, that the Republicans of Ohio like, and it certainly isn't what they want. I also know that George B. Cox dictates the policies of Cincinnati. I have heard a representative in the congress of the United States say that George B. Cox was his boss. 'When he says to me "stay at home," I stay, and when he says "go to congress," I go.' These things I have heard representatives say with my own ears."

The above expressions are the words of Congressman Southard, delivered at a Republican campaign meeting held in Toledo, and they created a furor of excitement. The Republicans not tied to the machine went wild with excitement.

Ten representatives and three senators from Hamilton county in the Seventy-fifth general assembly which passed the Cox municipal code voted in caucus to be bound in all things according to the wishes of Cox. They went on record as admitting that Cox was their boss. One of the three senators is now a member of congress from the first Ohio district and he has admitted on a public occasion that Cox was his boss.

Newark's "George B."

A protesting Republican was indignant today over the latest boss announcement made by George B. (Cox) Hamilton, as he termed him. The Republican quoted the local Boss as having uttered these words:

"I will deliver the solid Republican vote up to the East Newark bridge, with 300 majority for every candidate on THE ticket."

The protesting Republican who was indignant over this remark, is a resident of influence in the East End, and he was very emphatic in denouncing what he termed George B. (Cox) Hamilton-bossmanship in Newark.

"George B." he stated, "doesn't carry the East End vote in his vest pocket, and he will find it out on election night."

This is truth plainly spoken. The people are against bosses and bossmanship this year, and they will show it when they vote next Tuesday.

P. S. Phillips.

Mr. P. S. Phillips, better known as "Spence" Phillips, the well known contractor of this city, is the Democratic candidate for City Treasurer. Mr. Phillips is a prominent citizen of Newark, having been largely engaged in the contracting business for a number of years past. He is a life long Democrat, a thoroughly honest and capable man, and will make a first class City Treasurer. Mr. Phillips' numerous friends in both parties will see to it that he is elected by a large majority.

What Does This Mean?

The American-Tribune in a labored defense of its candidate for Prosecuting Attorney, Mr. Horner, says: "During most of this time he has been associated with the legal firm of Smythe & Smythe and assisted them in the trial of the varied classes of cases in which that firm was engaged."

Smythe & Smythe are the attorneys for the Lingafelters.

Mr. Horner was in their office and according to the American-Tribune was "associated" with them when the Lingafelter trials were held. Did he "assist" in the preparation of the defense made in those cases? If so, does he think their defense was good and the verdict of the jury wrong?"

He is indebted to Smythe & Smythe, under obligations to them for his legal experience: what is more natural than he would be influenced by them in reference to those cases in which he was "associated" with and "assisted" them?"

James R. Atcherley.

As the election draws nearer the honest and conscientious voters of both parties realize more fully the necessity of electing qualified men for each position to be filled. For this reason Mr. Atcherley, the Democratic candidate for Justice of the Peace of Newark township, has an inestimable advantage over his opponent, Mr. Nash, who, though an excellent man personally, has no knowledge of the law. Mr. Atcherley is a trained and experienced lawyer and so is qualified to decide legal questions that come

About Royal Prerogatives.

Governor Herrick, speaking through Chairman Dick, in his Thirty-second epistle according to St. George B. Cox of Allportdom, in behalf of the double tax infamy of the direct inheritance tax, says:

"There was a time in English law when the right to make a will did not exist, and that when a man died the King took a good share of his estate and the Church another good sized portion. The right of the State to tax the privilege of receiving a fortune from an ancestor has always been recognized, and such taxation has always been considered eminently just and proper. The great Nations of Europe all impose such a tax and have long done so."

That knocks out all the Democratic argument. The idea that King George the Present shall be deprived of the right to take "good share" of the property of the dead as well as the living is shocking to think about. Let his majesty have it all. Herrick, Dick and several others exist (politically) only by the great compassion and gracious permission of King George Barnfull Cox, who now merely asks to run his Kingdom of Ohio as the sapient monarchs of the old world run "the great Nations of Europe." Stand aside and let the King bless Chief Apologizer Myron T. Herrick and Head Toady Charles Frederick Warwhooper Dick.

The disreputable course of the American-Tribune in assailing so highly esteemed and universally respected a citizen as Mr. W. N. Fulton, the County Treasurer, is meeting with condemnation on all sides. Mr. Fulton is not a candidate for any office and has no personal interest in the campaign other than his usual sympathy for his party's success. But to be singled out and assaulted with malicious abuse as he has been by the A.T. is arousing much righteous indignation among good people of all parties. If it is expected to make votes for any of the Republican candidates by such methods Mr. Fulton's traducers will find they are greatly mistaken.

Mr. Robert Forgrave, who is generally and favorably known to the public, is the Democratic candidate for Constable in Newark township. Mr. Forgrave is a reliable Democrat, and is a bright and hustling man. He is familiar with the duties of Constable, having served in that important office with great credit to himself and satisfaction to the public, and he will be elected by a rousing majority.

Mr. John Miles Jones, the veteran Democrat and citizen of Licking county, is the Democratic candidate for Assessor in Newark township. Mr. Jones is a thoroughly honest, intelligent and reliable man, and will make a satisfactory assessor in every respect. It is to the interests of the public that he be elected, as he undoubtedly will be.

SECRETARY TAFT

Arrives in Colon After Pleasant Voyage and Starts at Once for Panama by Train.

Colon, Nov. 3.—Secretary Taft landed here at 9:30 a. m. and received a salute of 17 guns. The secretary said he was in good health and that all on board the Columbia were well. They had a pleasant voyage. Shortly after landing the secretary and his party started for Panama by special train.

COKE ADVANCES

Price Goes Up Sharply for the First Time in Five Years—Not Enough Cars.

Connellsville, Pa., Nov. 3.—Coke prices have advanced sharply for the first time in years, with attendant reports of hundreds of idle ovens having been fired. Although prices have been raised from 40 to 50 per cent the last two months, there is a difference of about 20c. ovens in the active list. Production in the Connellsville ovens remains practically at a standstill, owing to a lack of sufficient cars for shipments.

the homes and shops of Christians, none of which as yet has been harmed. Street fighting continued this morning in many districts. The students are throwing their lives away uselessly in attempts to subdue the mobs. Their efforts in this direction have caused the Cossacks to attack them as rioters.

The hospitals cannot accommodate all the wounded. It is estimated that fully 5,000 persons have been killed and wounded during the rioting.

About noon today the situation became somewhat improved. No attempts were made to resume business operations.

Rioting Continues.

St. Petersburg, Nov. 3.—Advices received today indicate that rioting is being kept up in other cities of the empire as well as in Odessa. Nikolaeff has been the scene of anti-Semitic outrages although not on the same scale as at Odessa. The Jewish quarters of that town have been almost completely wiped out, however. Reports from Elizabethgrad, Kherson and Kremenchug state that there have been outbreaks there today.

Three hundred shops and houses of Jews were destroyed in the suburbs of Odessa yesterday.

SITUATION UNCHANGED.

Washington, Nov. 3—According to a dispatch received this afternoon from Spencer Eddy, chargé d'affaires at St. Petersburg, for the United States, that city has been quiet today, but the situation here and throughout the empire remains unchanged. Two proclamations have been issued. One states all political prisoners not dangerous to the state will be released. The other proclamation excepts the army, navy and imperial domain from jurisdiction of the new parliament.

SOCIALIST DEMONSTRATIONS.

Vienna, Nov. 3—Investigation of last night's rioting following a meeting of socialists in behalf of universal suffrage, shows over 100 persons were injured. Socialist demonstrations are reported at Prague and other provincial centers.

SITUATION CRITICAL.

London, Nov. 3—Today's dispatch from Helsinki, Finland, says the situation there is critical. The socialist leaders desire to pursue a violent course toward Russia and demand that Finland be granted a national assembly.

LULL ONLY TEMPORARY.

Odessa, Nov. 3—The lull in the disorders which came this afternoon after long rioting was only temporary. The disturbances were later renewed, the people firing on the troops and the military threatening to use machine guns. The hospitals cannot accommodate all the wounded. The streets are not safe.

CITY OF ODESSA IS ALL BUT RAZED

Reign of Terror Ends With Declaration of Martial Law—Thousands Fell in the Rioting.

Odessa, Nov. 3.—The casualties here are believed to have amounted to 5,000 killed and wounded. In the Jewish quarters bodies still strew the streets and sidewalks. Jewish women and children were strangled and hacked to pieces in the streets where the mob gained the upper hand. A Red Cross doctor states that the Kishineff horrors were repeated a hundred-fold. The students alone saved the city from wholesale sack and massacre. The military are now placing 100 machine guns at various points.

Within three hours of the declaration of martial law, which came to the unspeakable relief of peaceful citizens, no fewer than 5,000 russified loyalists had been disarmed by the students and the military. How some 50,000 rowdies became possessed of revolvers and an abundance of cartridges is a question requiring solution. The rigorous curfew law is welcomed as a deliverance from the terrors of the last two days. Any one in the streets after nightfall is liable to arrest; any one appearing at open windows or on balconies risks being shot without warning. In many cases whole rows of houses have been ruined. The governor has proclaimed that the artillery will destroy any building in which people fire from the windows. The troops have been using machine guns and martial law prevails over the whole town. It is difficult for any correspondent to supply an adequate report of events, because it is dangerous to approach the windows and it is impossible to look out. The number of killed and wounded must be enormous. All the foreign consulates are protected by soldiers.

DECISIVE STRUGGLE

Urged by Workmen For a Constitutional Assembly.

St. Petersburg, Nov. 3—The council of the workmen's delegates issue a notice pointing out the necessity for arming workers for a decisive struggle for the convocation of a constitutional assembly based on universal suffrage, with a view to the formation of a democratic republic. The council decided to suspend the political strike today, but on the condition that it be resumed if their demands were

not granted. The council decided also that only those newspapers may appear whose editors will entirely ignore the censorship. Compositors have refused to work except under this condition, and newspapers not complying with it will be confiscated. The railway men's union, however, has decided to continue the strike, mainly through a desire to prevent the transport of troops to Finland. The union of unions has resolved to demand complete amnesty for political prisoners the immediate withdrawal of troops from St. Petersburg and their replacement by militia drawn from the people.

Warning to Poles.

Warsaw, Nov. 3—The governor issued a proclamation greeting the people of Poland on their great holiday for freedom, but warning them of the existence of elements which are trying to obscure the day's general joy and overthrow the foundations of public order. The proclamation appeals to the good sense of the cultured Polish community, hoping that the Poles will give proof of political maturity by refusing obedience to anarchy.

AMUSEMENTS

PAUL GILMORE.

Paul Gilmore's splendid spectacular comedy romance, "Captain Debonnaire," the attraction at the Auditorium Saturday afternoon and night, abounds in the two main essentials of romantic drama—action and atmosphere. There is not a still moment from the time Louis le Bonnaire takes leave of his regiment, the Carignan-Salières, at midnight in the Chateau St. Louis at Quebec, and sets out to New Amsterdam to win a girl he has never seen, until he returns there in the last five minutes of the play with his bride at his side. And just as abundant and fascinating as the action is the color and spirit of the places and period—French Quebec and Dutch New Amsterdam in the year 1675. For the time being, the actors and audience seem to live in that romantic age. This, of course, is a triumph of acting and producing, but it is only what was to be expected from Mr. Gilmore and his manager, Jules Murry.

MEN ARE NEEDED

Contractors in Newark Advertising for Both Men and Teams for the Water Works Job.

The contractors who have charge of the installation of the municipal water works system for Newark are experiencing a great deal of difficulty in securing a sufficient number of laboring men and teams to rush the work through as fast as is desired. In this issue of the Advocate the contractors advertise for teams and laborers. There is work enough for hundreds and thus far all have been employed who have applied for work. There is no excuse for the able bodied men over the city who are enjoying good health, to complain of not having employment.

ADMINISTRATOR
FOR LARGE ESTATE

Wealthy Young Man Who Has Been Missing For Four Years Believed to Be Dead.

Bellefontaine, O., Nov. 3—Mrs. Lelia McFadden, a relative, has petitioned the Probate court at Indianapolis to appoint an administrator for the estate of Kenneth Lawrence of this city, the wealthy grandson of the late Judge William Lawrence, and that his will, now in the custody of the Indiana Trust Company, be admitted to probate.

Young Lawrence, who was the owner of two fine farms in Illinois and considerable other valuable property, left in 1901, saying he was going to these farms, and not since that time has he been seen alive by friends. When he left he had \$2000 with him. Detectives at work on the case found Lawrence to have gambled on horse races in New York City and his belongings to have been sold there, as unclaimed property, and they believe him to have been murdered.

A life insurance policy for \$10,000 was held by him, which the insurance company refuses to pay on the showing made by heirs.

ELKINS-WIDENER

Syndicate After All the Obligations of the Appleyard Trolley Lines in Ohio.

That the Elkins-Widener syndicate is after all the obligations of the Appleyard lines and will be in a better position than anyone else to bid for the lines when they are sold by order of the court, now seems certain.

From a reliable source it is learned that it was the Elkins-Widener syndicate which came into possession of the Appleyard notes and securities held by the German bank of Buffalo. The notes were purchased by a representative of Adams & Co., of Boston, who is said to have been acting for the syndicate. The price paid was about 29 cents on the dollar.

Adams & Co. were concerned with the Elkins-Widener crowd in the purchase of the Tucker-Anthony lines and also were holders of a large amount of the bonds of the Appleyard roads. From indications, the syndicate is likely to keep on the line, even if it is.

Omitted From List of Wearing Apparel When Wife Went on Streets Accuse Actor.

New York, Nov. 1—According to an affidavit just filed in the Supreme court by his counsel, A. H. Hummel, Charles M. Welsh, an actor playing with Mrs. Leslie Carter's company, does not think he is to blame for a suit which his wife, Lillian Welch, has brought against him for a separation on the grounds of cruelty and abandonment.

Welch set forth in his affidavit opposing his wife's application for reasonable alimony pending the trial of her suit that she left him on one occasion and went to live with three girls known as the "Happy Girls" in Brooklyn.

He says that at the time of their marriage, April 9, 1904, he and his wife were both members of the "theatrical profession." He asserts that shortly after their marriage at Warren, Ohio, they had for about six weeks with "my folks" and adds:

"During this time the plaintiff (his wife) perpetrated a number of eccentricities, such as going out in scant clothing, consisting of a wrapper and slippers, and no stockings, and being generally disagreeable in the house."

As a result of these alleged eccentricities, the plaintiff asserts, his mother said that "when I would always welcome her at her door she was compelled to insist that I could not harbor my wife in her home any longer."

Horace L. Rice, counsel for Mrs. Welch, in urging the court to grant the alimony said that she denied all her husband's charges.

She asserted that without any just cause her husband abandoned her on June 20, 1905, for another woman.

No further record could be obtained as to her consumption of Woods' Nervous Tonic. She will be examined by Dr. Frank J. Wood, New York City, on Friday.

GAMBLE CONCERT AT GRANVILLE

DR. COLWELL ON SCHOOL TRAINING AND HOME MAKING ON SATURDAY NIGHT.

Mr. and Mrs. Downer's 55th Anniversary Observed—College Town News and Personals.

Granville, O., Nov. 3.—On Thursday evening one of the rarest musical treats which has been afforded to Granville music lovers for some time occurred at the concert given by the Ernest Gamble Concert company, composed of Mr. Ernest Gamble, bassocantante, Miss Verna Page, violinist, and Mr. Sam Lamberson, pianist. Mr. Gamble is well known to Granville audiences, having appeared here for the first time several years ago when he completely captivated the admiration of all the audience. Mr. Gamble's voice has since become still fuller, more powerful and he sang with a great deal of artistic expression, his well-chosen songs. Miss Page, the violinist, surprised and delighted all who heard her, by her pleasing rendition of her numbers. She was extremely graceful in manipulating the bow, and seemed to draw every possible bit of sweetness and tenderness out of her violin.

Mr. Lamberson has always been claimed by Granville as one of her own. Several years ago he graduated from the musical department of G. F. C. under the instruction of Mrs. C. B. White, nee Miss Clara Sinnett. At the time of his graduation he gave promise of being a musical genius and all who have since heard him have felt that even more than this might be said of Mr. Lamberson's playing. His numbers on the program last night were attended with keenest enjoyment by all and were considered to be most admirably executed.

The members of Kappa Phi sorority are wearing the cerise and blue having pledged to their number Addie Tudor of Cincinnati, and Lois Field of Ft. Wayne, Ind.

While playing basket ball on the Shepardson campus yesterday Miss Bertha Fulton fell, spraining her ankle quite severely. It is hoped that she will be able to be about again in a few days.

Chi Psi Delta entertained with a house warming in their rooms at their sorority house on Thursday evening. This is the first time that the house has been opened to guests since the sorority has purchased it, and the occasion was much enjoyed by the young ladies who were the guests. An elaborate supper was served during the evening.

Miss Mary Megginson and Miss Jean Moore were in Newark on Thursday afternoon.

A very interesting meeting of the Fortnightly club was held at the home of Miss Gertrude Carpenter on Tuesday evening, October 31. Mrs. Albert Nichol gave an interesting talk on some of our common birds, showing that she was a great lover of birds and what the rest of us might become if we would only use our eyes and ears. Miss Bancroft read a paper describing in a vivid manner the city of Moscow. Miss Mabel Owen told us all about Oriental rugs. Current events were given by Mrs. Frank Robinson. Mrs. Pond and Miss Phelps gave us quite an account of the Federation which met at Zanesville. The meeting adjourned to meet with Mrs. Jerry Ackley, November 14. The guests of the evening were Misses Jessie Wright, Minnie Jones, Nellie Phelps

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or,

"Don't speak to me." Little things annoy you; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness, and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice, nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me."

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

ALEXANDRIA

Miss Chadwick Plans a Successful Surprise for Her Sister—Pupils' Recital—Personals.

Alexandria, O., Nov. 3—Miss Lora Chadwick planned and executed a very pleasant birthday surprise on her sister, Helen, on Tuesday, October 31, by inviting her father and mother, Mr. and Mrs. J. H. Feed, her brother, Ellis Weed, and wife of Jersey, and her sister, Mrs. M. Hursey, husband and two children of New Albany, to spend the day. Mrs. Helen was decoyed out to do some sewing until all the guests had assembled at the Chadwick house when she was sent for and suddenly realized she was the victim of strategy. The dinner had been largely prepared by a neighbor friend, brought in to be served, and the day was greatly enjoyed by both families.

Pupils of Miss Katharine Thomas' music class will give their annual public recital at the Baptist church, Alexandria, on Saturday evening, November 11, at 8 o'clock. They will be assisted by Mrs. Eva Williams Hutchinson, Columbus' favorite contralto and no less a favorite at her old home, Alexandria. They will also be assisted by Miss Cora E. Williams and Mrs. E. P. Getchell, violin. Two pianofortes will be used, the second piano furnished by Mr. R. I. Francis of the Union Music store, Newark. The public is cordially invited to be present. To defray expenses a small admission fee of 10 cents will be charged. The pro-

gram will be given in next week's issue.

Mrs. Florence has been visiting friends here for some days.

E. W. Berger and family are moving to Newark this week.

A fall leaf missionary party will be given at the M. E. church Saturday afternoon at 2 o'clock for the Junior League.

Mrs. Maude Thomas was brought home last week from the hospital at Newark in an ambulance. She was considerably shaken up by the ride but is now doing nicely, sitting up a little every day.

DESERTED

His Wife and Married Her Sister—West Virginian Is Convicted of Bigamy.

Wheeling, W. Va., Nov. 3—At Mountville, George Morgan, formerly of Pittsburgh, was convicted of bigamy having married Helen O'Hara, his sister-in-law.

Six years ago the man deserted his wife in this city and went to Pittsburgh. He returned few weeks ago and met his sister-in-law at a dance. After an evening of fun they went to the M. E. parsonage and were married.

The wedding was announced in the morning papers. Then the real wife got in action. She caused the arrest of Morgan just as the newly wedded pair returned to their home in Pittsburgh.

ONLY FOURTEEN

But Edward Cook is Charged With Murder—Pittsburg Youth Is Released on Bail.

Pittsburg, Pa., Nov. 3—Fourteen year old Edward Cook is charged with murder. He was released, on account of his youth, on \$2,500 bail. Two weeks ago Joseph Zeiver, fire boss in a coal mine, went on the farm on which the Cooks live, in South Fayette township, and took some wood with which to build a rabbit pit. The boy objected, and Zeiver, it is said, threatened to put a "lead bullet" through him. Young Cook went to the house and got a shotgun. When he came out Zeiver made a move as if to pick up a stone. The boy fired and nearly tore off the top of Zeiver's head. The man lived but a few minutes.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rose bush which—despite the most benevolent environment of soil-of sunshine-and of atmosphere—seems never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

ANDREWS FRIENDS

Think He May Pay Obligations—Wife's Horses and Carriages Cannot be Attached.

Titusville, Pa., Nov. 3—W. A. Andrews, who returned to his home here, spent a busy day with his attorneys in this his old senatorial district. Some of his friends seem confident that he will yet extricate himself from the Enterprise bank tangle, if too much of a sacrifice is not made on his Crawford county real estate, as only about \$24,000 must be raised since the Venango county property was disposed of Wednesday.

It is believed that the remaining property will bring half of this and Andrews' is said to have expressed his ability to lay his hands on the balance when the time comes. The home on Main street and certain personal property, consisting largely of coach horses and carriages, belong to Mrs. Andrews, and are not subject to attachment on account of the Enterprise bank.

His attorneys say they believe Mr. Andrews will be able to meet his obligation. He declined to talk.

LKE MALE HOBO

After Three Months' Journey Mrs. Margaret Jenkins Arrives at Wilkesbarre.

Wilkesbarre, Pa., Nov. 3—After a three months' journey across the continent from Nevada, during which she was attired in men's clothes, Mrs. Margaret Jenkins arrived here. She made her way by stealing rides on freight trains and was bound for Lewiston, Pa., where she has relatives.

A Lehigh Valley railroad special officer saw her in a freight car and arrested her. Not until she was taken to the station house did she reveal the fact that she is a woman, and she told a story so pathetic she was released.

JOE WENTWORTH

Has Conferred With Gregory of Kenyon and Denison and Ohio State Will be Surprised.

Coaches Wentworth, of Case, and Gregory of Kenyon have spent the week in teaching their respective elevens how to withstand the assaults of Denison and Ohio State Saturday. Wentworth returned from Gambier Tuesday, where he and the Kenyon coach spent some little time telling each other of the strong and weak points of their opponents of next Saturday.

Wentworth also assisted Gregory in whipping the Kenyon team in shape for its game against State Saturday. Ohio State will find that the eleven it faces next Saturday will be acquainted with the style of play taught it by Coach Sweetland, while when Denison lines up against Case, Coach Stanton's husky aggregation will discover that many of their tricks are already known to the wearers of the brown and white.

Wentworth's visit may result in a complete change in the plans the State and Denison coaches have prepared for Saturday's games.

Kenyon is always formidable and the Columbus team cannot afford to take any chances with the team from Gambier. Denison is anxious to win from Case, and Coach Stanton will probably spring a few plays in the contest with Wentworth's pets which were not used in the contest with Kenyon.

BOWLING

The Hayes All Stars narrowly escaped defeat last night on the Hayes alleys in a match game with a picked team of bowlers. Every one was rolling in hard luck. Mones, one of the reliable bowlers of the Stars, fell down in one game and rolled but 103. Other members of the team met with poor luck. When the final count was made, the Stars were but 123 pins to the good.

According to Dean Mathews, the true test for a college athlete should be: Is he a bona fide student and one who has come to college for a college training? The true student who has

BEEF SCARCE**At Denison Since Nehls and Shipp are Not on Team****ROGERS WILL PLAY CENTER****TEAM WILL HARDLY AVERAGE MORE THAN 170 POUNDS****Some Little Trouble Experienced in Getting Officials for Saturday's Game at Cleveland.**

athletic ability should not be branded as a professional and an outcast in college athletics simply because he happens to be talented and has used these special talents to earn his way through college.

In concluding his remarks Dean Mathews says:

"Multiplying restrictions looking toward debarring men who have at some time made money by using their athletic skill has been overdone. The proper way is to insure the amateur status of members of university teams as bona fide students in good standing. To this end very simple changes in legislation are required: (1), let the residence requirement prior to participation in intercollegiate contests be raised to one full academic year; (2) debar all unclassified students and all those who are members of professional schools whose entrance requirements are less than those of the academic department; (3), debar all students who have 'conditions'; (4), debar all students who are directly or indirectly paid for athletic services in their respective colleges.

"Such legislation as this could be easily enforced and if it were once in operation we might safely permit students to earn their way by playing on summer baseball teams or by coaching in other institutions.

"There is no reason in the nature of things why a bona fide student should not earn money by coaching the team of some high school or college, just as he earns it by tutoring. As the case now stands the requirements governing an amateur status put a premium upon deceit and falsehood. Men play for 'expenses.'

"The way to be sure that college students are amateurs in the proper sense of the word is to make it certain that they are college students. The danger which now threatens university athletics in the central west is not the incursion of paid players, but the fact that because of the sharp practices of overzealous alumni they are becoming in too many cases a school of dishonesty."

STAGG COMES OUT FOR ASSOCIATION FOOTBALL

Chicago, Nov. 3.—Association football will be introduced as a college sport at the University of Chicago. Coach Alonzo Stagg started the movement this week by asking the schools of philosophy and letters of the junior colleges to organize teams, and also stated that he would supervise the work. It is the intention of Coach Stagg to make the "Soccer" game a regular college sport, and when other institutions of learning have been induced to take up this style of football, to have intercollegiate games with each other.

The announcement of the proposed introduction of the association game was made by Dean Vincent at a division meeting of the junior colleges. And he said that if the sport proved popular, teams representing other departments of the university would be organized, and that every means would be employed to popularize the sport.

The association game is believed by many college authorities to be the real remedy for the features of the present style of college football which are found objectionable. Brutality and roughness have no place in the association game, which at the same time is fast enough to suit the most exacting.

Brawn and might are not essential to a first class player in the association game, and, therefore, it is argued by the supporters of the game that it is bound to become popular, inasmuch as the beneficial results of the exercise in the open air will be extended to a much larger percentage of the students.

Newark A. A. to Zanesville. The game with the Mutes from Columbus has been cancelled and the Newark Athletics will go to Zanesville Saturday for a game. All members of the team are requested to report on the field east of Heisey's factory to-night for practice.

FOOTBALL GOSSIP

Word from Granville is to the effect that at the monthly meeting of the board of control of athletics at Denison college, it was decided to play Captain Roudobush until the Big Six conference votes on his eligibility. The board, together with the students, feel that Denison has passed through a crisis in his athletic history and came out with a clear record.

J. W. Beattie was elected manager

of the football team for 1906 and Kenneth Campbell, manager of the basket-ball team for 1906-07.

Captain Roudobush will probably be seen at right half in the Case game, as Webber has proven himself capable of running the team at quarter, while Roudobush will greatly strengthen the team at half back.

The students have great hopes of winning from Case and are dubious only as to one position, that of center, as Wright and Orr did not show variety form in the Kenyon game.

OLD PEOPLE CONSTANT SUFFERERS IN WINTER

Most old people are great sufferers in winter. They are seldom free from pains or ailments of some description, because they are not as able to withstand the severity of the climate, with its damp, changing weather, as are their younger, more vigorous companions. Cold weather starts the old aches and pains; they suffer with chilly sensations, cold extremities, poor appetite and digestion, nervousness, sleeplessness and other afflictions peculiar to old age. With advancing years the strength and vitality of the system begin to decline. The heart action is weak and irregular, the blood becomes thin and sluggish in its circulation, and often some old blood taint that has lain dormant in the system for years begins to manifest itself. A wart or pimple becomes a troublesome sore or ulcer, skin diseases break out, or the slight rheumatic pains felt in younger days now cause sleepless nights and hours of agony. There is no reason why old age should not be healthy and free from disease if the blood is kept pure and the system strong, and this can be done with S. S. S. It is a medicine that is especially selected for their purifying, healing and building-up properties, and is very mild and gentle in its action. S. S. S. warms and reinvigorates the sluggish blood so that it moves with more rapidity, and clears it of all impurities and poisons. As this rich, healthy stream circulates through the body every part of the system is built up, the appetite and digestion improve, the heart action increases and the diseases and discomforts of old age pass away. S. S. S. cures Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, and all troubles arising from diseased blood.

CAR WORKS MEN MEET TO ORGANIZE

ASSOCIATION FORMED TO HELP
SICK AND INJURED
EMPLOYEES.

Temporary Organization Elected
Officers Appointed.

The employees of the Jewett Car Works, some three hundred in number, met at the factory on Thursday evening about 7 o'clock for the purpose of organizing a Car Builders' Beneficial Association. The object of the association is to relieve the sick and injured employees, and cultivate a closer relation between employer and employee. The general plan suggested is that a fund be created by means of monthly dues, to be paid by the members and distributed by the proper officers, according to the rules and regulations which may be adopted. The organization is to be conducted without profit, as each department of the work is furnished with an officer. The expect to obtain permission to hold their meetings and transact business in one of the offices of the company, thus relieving them of any rentals for light, fuel bills, etc.

A temporary organization was effected by the election of the following officers and committees:

Chairman—John Wilhelm.
Recording Secretary and Treasurer—Charles Tripio.

Auditing committee—John Siegel, Alonzo O'Hare, Henry Hopstetter.

Committee on By-Laws—G. Zindorf, Charles Russell, Clyde Bowman.

Relief committee—Charles Russell, Arthur Johns, Edward Norris.

Soliciting committee—G. Zindorf, L. L. Lucas, Charles Russell, John Siegel, Henry Eickmeyer, Zeke Priest, A. Moore, Edward Zellares, M. A. DeFrance, E. Paterson, Bernard Wingerter.

Mr. Wingerter, the purchasing agent, was appointed chairman of the soliciting committee, and with the co-operation of the committee expects to perfect the organization in two weeks.

JUDGE WEBBER TO SPEAK IN COLUMBUS

Congressman Who Boasted Herrick to Address Independent Voters in Columbus Monday Night.

Columbus, Nov. 3—Hon. A. R. Webber of Elyria, elected to Congress last fall, who created a sensation a few days ago by coming out in a strong letter in opposition to Governor Herrick and bossism in the Republican party, will come to Columbus next Monday night to address a meeting of independent voters at the Board of Trade auditorium. General S. H. Hurst of Chillicothe, who has stumped the state for 20 years for the Republican ticket, but has also grown tired of bossism, will also speak.

Mr. Webber recently addressed an open letter to Governor Herrick and State Chairman Dick asking them why they did not repudiate Cox as Secretary Taft had done and cut loose from their new alliance with the liquor league. Neither has answered the letter.

MACHINISTS

Refuse to Work in an Open Shop in Dayton—The Vote Counted at Meeting Last Night.

Dayton, O., Nov. 3—At a meeting last night of the members of the International Association of Machinists, employed at the National Cash Register, by a vote of 283 to 84, they decided they will not work in an open shop.

The announcement of this action will have to be transmitted to the general executive board at Washington, but a member of that board who was here last week gave them the assurance that if the local workers decide to strike the consent of the body he represented would be forthcoming. The organization of machinists embraces the assemblers and adjusters, pressmen and machine hands, toolmakers, screwmakers, and mechanical inspectors. The organizations include about 1,000 men now employed at the National Cash Register factory, and the indications are that a general strike will be called within a few days. The N. C. R. company employs number about 3,000 and it is probable that this number of people will be, at least temporarily thrown out of employment in case the union declaration materializes into action.

CITY HOSPITAL

Wednesday Nov. 15, Will be Annual Donation Day—Contributions are Respectfully Solicited.

The managers of the City Hospital desire to call the attention of the public to their annual donation day, November 15th is the date this year. Some years the donations have been exceedingly generous. Let there be a hearty response this year.

Provisions and supplies of all kinds, such as are used in any household, are solicited. A desk for the office is one pressing need. If any one has such a piece of furniture not in use kindly lend or donate it to the hospital. If in doubt as to what to give, any of the ladies of the board will cheerfully give the needed information. Money never comes amiss. Will put those who formerly contributed one dollar or even five dollars year renew their gifts?

Send all gifts to the hospital on November 15th, when a committee of the ladies will receive them and give credit for them.

Further notice will be given from time to time. The matter is thus announced thus early so that everybody can be thinking and deciding what to give.

For months the hospital has been filled to its utmost capacity with patients and the expenses are necessarily high.

The ladies bespeak a liberal contribution as a Thanksgiving offering to this work.

Everett Priest, a well known farmer, residing east of this city, and who is a brother of Dr. F. C. Priest, the well known veterinarian of this city, met with a very painful accident on Thursday. He was working around his horse when the animal suddenly turned and bit him on one of his hands, taking one finger off entirely.

MAN AND ART

Cannot Share the Love of a Woman According to the Greek Ethicists of St. Louis.

St. Louis, Mo., Nov. 3—"Can a woman love art and man at the same time?" was the question that held the attention of the Greek Ethics club Wednesday afternoon. Walter L. Sheldon, the leader of the club, thought it possible, but most of his hearers, all of whom were women, were doubtful. George Sand's "Consuelo" caused the discussion. The women refused to take her experience as characteristic of other women, one woman saying: "Consuelo didn't know her own mind. She couldn't love art well enough to give her life to it, and she couldn't love also well enough to marry him."

LIKE A COMET

He Was Shot Through the Air by the Limited on Which he Was Fastened.

Pittsburgh, Penn., Nov. 3—W. F. Craig Jr., a telegraph operator, is in the Allegheny General Hospital here, perhaps fatally injured. His escape from instant death was little short of miraculous. Craig lives at Shadeden, four miles from Pittsburgh, and last night he attempted to board a fast train near his home.

He had just started up the steps when the vestibule doors were slammed shut and his fingers caught. Here he hung to the fast train as it flew up the river to Pittsburgh, his entire weight being on his fingers, and he was trailed through the air like a comet. At the Birmingham Station, almost four miles from where he was picked up by the train, he struck a picket fence and his imprisoned fingers were torn loose and he was dropped by the side of the road. It was found that three ribs were broken and his fingers terribly torn.
